Boy you got nerve to come along
You'll never learn I'm not your girls, not quite
Now please don't stand in my way

Oh

The bridge is broken x2

Boy you got nerve, I can observe :
Your worn out shoes
Go fetch the cobbler
It's all your fault
Go fetch the cobbler!
To fix the bruise

The bridge is broken x2

What's in your hand? Don't tempt me in
What's in your head? What's your new plan?
Don't make me beg you, no!

The stiches open x5

Boy you got nerve x2
Go fetch the cobbler x2
To fix the bruise

The bridge is broken x3
