

## Soraya "This Love"

Visit "[This Love](#)" on [MotoLyrics.com](https://MotoLyrics.com)

As simple as a breath of air,  
as careful as an artists hand  
as needed as a soldiers prayer  
this love, this love.

As quiet as a bird in flight,  
as hopeful as a songs first note  
as trusting as a babys smile  
this love, this love

You are all I ever dreamed of  
every kiss, every touch  
till the stars fall out of heaven  
Ill believe in just one love

As giving as a harvest moon,  
as open as a dreamers eyes  
as healing as the wispered thuth  
this love, this love

You are all I ever dreamed of  
every kiss, every touch  
till the stars fall out of heaven  
Ill believe in just one love

As simple as a breath of air,  
as careful as an artists band  
as a needed as a soldiers prayer  
this love, this love.
