You gave me a dream of love  
Then you took it away  
You melted my heart  
The same way heat loves candle

Oh you really hurt my pride  
When you took me for a ride  
You left me with more grief  
Than I can handle

Someone will bring another dream for me  
Someone will bring another dream you'll see  
A dream with hope for tomorrow  
A dream to take away my sorrow  
Someone will bring another dream for me

Oh you layed heaven at my feet  
Then you took it away  
Every morning I wake up  
Hoping you'll be there

Oh I want to scream and shout  
Gotta let my feelings out  
Cause my blues keeps gettin bluer  
Day by day

Someone will bring another dream for me  
Someone will bring another dream you'll see  
A dream with hope for tomorrow  
A dream to take away my sorrow  
Someone will bring another dream for me

You gave me a dream of love  
Then you took it away  
You melted my heart  
The same way heat loves candle

Oh I want to scream and shout  
Gotta let my feelings out  
Cause my blues keeps gettin bluer  
Day by day

Someone will bring another dream for me  
Someone will bring another dream you see  
A dream with hope for tomorrow  
A dream to take away my sorrow  
Someone will bring another dream for me
