Oh-oh-oh!

Baby, please, don't leave me!
Why you're hurting me so bad?
You took away your love, babe,
Why you'll make me sad?

Baby, can you hear me
If you're leaving me tonight
No, I will tell no stories
'Cause I can't lose my pride

(Just hold me, baby)
Oh, my feelings never die!
(Just hold me, baby)
Don't tell me that it means goodbye!

Oh, baby, somewhere in my heart,
I'm lonely and I'm blue -
You're my only star,
Make my dreams come true!

Oh, baby, every tear I cry,
I will cry for you!
You're my only love,
See what love can do.

Babe, the night is calling
Take away my lonely tears,
And my heart is burning
If you'll leaving me with fears!

Love is like the ocean -
It's lonely at the end,
But I promised you emotions
I will be your friend!

(Just hold me, baby)
Oh, my feelings never die!
(Just hold me, baby)
Don't tell me, that it means goodbye!

Oh, baby, somewhere in my heart,
I'm lonely and I'm blue
You're my only star,
Make my dreams come true

Oh, baby, every tear I cry,
I will cry for you
You're my only love,
See what love can do

(Somewhere in my heart)
(I'm lonely and I'm blue)
I will fly for you
(You're my only star)
(Make my dreams come true)

See what love can do!
