Tell me what went wrong
I can see it in your eyes
I really don't want to stand here all night
Talk about this anymore
So let's go for a walk
Through the lonely dark
I'll go home, if you go home
And we can try make this all work out

Cause we are lost in a conversation
That should've never been
Cause we are lost in a conversation
That should've never been
And I will lay here all night
And I will look at you resigned
Until the sun comes up again
And we will be right if we just lay all night
And we can face another day

I will teach you how
To look in the mirror
And will find our souls together
Living happily in a tree
So you think it's alright
To choke up like this
How about some time you and I
Will take all night
And we laugh about the funny punch lines

Cause we are lost in a conversation
That should've never been
Cause we are lost in a conversation
That should've never been
And I will lay here all night
And I will look at you resigned
Until the sun comes up again
And we will be right if we just lay all night
And we can face another day

Oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh

And we will lie
And we will lie
And we will lie
Yes I will lie

And we will lie
And we will lie
And we will lie
Yes I will lie

And we will lie
And we will lie
And we will lie
And I will lie
And you will lie
And we will lie
