I'm gonna be  
An astronaut  
When I grow up.  
And you're not gonna wake me  
From my lucid dreams,  
From my lucid dreams,  
Then you'll believe.

Then you'll believe.

I'm gonna be king  
Of the wild things.  
And you're gonna watch me  
Rule in my sleep,  
Rule in my sleep,  
Then you'll believe.

Then you'll believe.

I've been searching.

I'm gonna be  
Something better...  
Something better  
Than what you said I'd be.  
I'm gonna be  
Something better.  
Something better than what you said I-

I've been searching all this time.  
I've been searching all this time.  
I've been searching all this time for truth.

Now I'm gone.  
Now I'm gone.  
Now I'm gone away
