It's the worst of tries. But a good thing to order.
Two boxes found. One curtain wide.
So much to hold, and more to bear.
It's a lifetime of searching, longing, sorting, kind of
working, growing.
Part of it is boring, hurting, I'm getting tired but I'm
walking.

I had no one to blame but you and you are not around
this time.
A new life, another place where you're not allowed.
I wake up while the sun's still down and soon I'm 'bout
to grow high and wide.
By the side of this road, I would've already been gone.
I would've already been gone.

By the side of this road, I would never faint.
I would be the strong, I would not regret.
What I'm heading for, what I'm looking for.
It's a lifetime of searching, longing, sorting, kind of
working, growing.
Part of it is boring, hurting, I'm getting tired but I'm
walking.

I had no one to blame but you and you are not around
this time.
A new life, another place where you're not allowed.
I wake up while the sun's still down and soon I'm 'bout
to grow high and wide.
By the side of this road, I would've already been gone.
I would've already been gone.

Lately I've been looking around, new worries I've found.
It kills me.
Lately I've been looking around, new worries I've found.

I had no one to blame but you and you are not around
this time.
A new life, another place where you're not allowed.
I wake up while the sun's still down and soon I'm 'bout

to grow high and wide.

By the side of this road, I would've already been gone.

I had no one to blame but you, you, you

I had no one to blame but you, you, you

I wake up while the sun's still down and soon I'm 'bout
to grow high and wide.

By the side of this road, I would've already been gone.

I would've already been gone.
