I wonder what will come.
What happens now.
You broke my lungs, my tongue.
You broke my arms.

I waited 'til the evening, tonight. Something odd.
Though everything's known, don't know where to go.

After all, you make me feel numb.
You make me go back.
You made me.
That's how I fall.
You make me feel numb.
You make me feel twice.
You make me.

I'm falling apart. I'm sorry that
That nothing ever changes, I'm still the same.

Though I know the answers, so far. I cannot act.
Though everything's known, don't know where to go.

After all, you make me feel numb.
You make me go back.
You made me.
That's how I fall.
You make me feel numb.
You make me feel twice.
You make me.
You make me.
You make me.

Standing in the hallway, so still.
Not leaving nor entering.
Don't know how to go on.

After all, you make me feel numb.
You make me go back.
You made me.
That's how I fall.
You make me feel numb.

You make me feel twice.
You make me.
You make me.
You make me.
