From Hollywood to Jersey, we start the party early
We're always dressin' fresh to det but keep our beats
dirty

Yeah, I'm in the pool hole side pocket
8 ball leaning up against the wall
Feeling like a rock star, damn it
From the planet gloppin' hand, groupies in my tour
band
S on chest superman, y'all don't understand
That dude you ain't gotta ask who,
Strippers in the bathroom, lipstick on and tattoo,
I don't care what people say, I'ma party anyway
Up all night, sleep all day, that's the way I live

From Hollywood to Jersey, we start the party early
We're always dressin' fresh to det but keep our beats
dirty
We like our beats dirty, we like our parties wild
When we getin' down, we call it dirty style
We call it dirty style, we call it dirty style
We're always dressin' fresh to det but keep our beats
dirty

You don't let the beat style, now it's time to freestyle
You ain't got row head then prepare to sweat your
weave out
I like my beats loud, dirty, wild, filthy,
I'll show you how to get down
When I'm in here you gotta stare,
Because I'm hot like lava is
I don't care what people say, I'ma party anyway
Up all night, sleep all day, that's the way I live

From Hollywood to Jersey, we start the party early
We're always dressin' fresh to det but keep our beats
dirty
We like our beats dirty, we like our parties wild
When we getin' down, we call it dirty style
We call it dirty style, we call it dirty style
We're always dressin' fresh to det but keep our beats

dirty
Dirty, dirty, dirty, dirty

I got that wild style ladies like,
Up on blow up late at night,
Rocker type party chicks, hipster girl on my, what?
Tight dress, low cut, ass out, so what?
Pop the top, cleavage shows, you don't need them
clothes
All night, liquor pours, downin' shots, we want more
Hot broads, party hard, we ain't goin' home at all
I don't care what people say, I'ma party anyway
Up all night, sleep all day, that's the way I live

From Hollywood to Jersey, we start the party early
We're always dressin' fresh to det but keep our beats
dirty
We like our beats dirty, we like our parties wild
When we gettin' down, we call it dirty style
We call it dirty style, we call it dirty style
We're always dressin' fresh to det but keep our beats
dirty

From Hollywood to Jersey, we start the party early
We're always dressin' fresh to det but keep our beats
dirty
