Maybe I don't wanna use you  
But I'd like to make you part of the plan  
Over and over you refuse to let me  
Try to make you understand

#### CHORUS

You Could Be Good For Me  
Yeah good for me  
You Could Be Good For Me  
So very good for me

If you said "No," I wouldn't hold it against you  
I'd rather hold you in the palm of my hand  
Trying over and over to persuade you  
'Cause I'm still a woman without a man

#### CHORUS

You Could Be Good For Me  
Yeah good for me  
You Could Be Good For Me  
So very good for me

#### BRIDGE

Over and over I found that  
There ain't no way of getting around that
