The moon will be my witness
As the shovel hits the ground
Screams that will be unheard
And their bodies never found

Forgive the torture
Through the darkness of your eyes
I feel the pressure
From within my regret cries

Death from a lover's hand
(You made me go this far)
I reach for your dead cold hands
(Please absolute all my sins)

Death from a lover's hand
(A lover's hand)
I reach for your dead cold hands

The soil will be your cold grave
As the ravens sing their songs
Screams that will be unheard
Your heart is where it belongs

Death from a lover's hand
(You made me go this far)
I reach for your dead cold hands
(Please absolute all my sins)

Death from a lover's hand
(A lover's hand)
I reach for your dead cold hands

Live - Love - Hate - Kill
Live - Love - Hate - Kill
Live - Love - Hate - Kill
Live - Love - Hate - Kill

As I sacrifice all your life
I will live, I live again
And I worship your dead face
I will live, I live again
