Born with the heart of a lion  
But force-fed deprived of free will  
Everything is taken,  
I'll fight it back

Robbed of ideal and desires  
And instincts are oppressed by will  
Everything is taken,  
I'll fight it back

Tear down the walls  
Let my spirit soar  
Bust all the chains  
Existence is more than to breathe

I never thought  
That I'd  
Forget  
My origin

In Allegiance to this earth  
Refill the sources of life  
Thinking back to our values  
Our ethics will prosper this time

We're carrion among the living  
And solitude slows down our heartbeat  
Everything is taken,  
I'll fight it back

Roaring with power and passion  
And scaring the world with its teeth  
we lost our zeal and ambition  
Forgot how to scream out our rage

Tear down the walls  
Let my spirit soar  
Bust all the chains  
Existence is more than to breathe

I never thought  
That I'd

Forget  
My origin

In allegiance to this earth  
Refill the sorces of life  
Thinking back to our values  
Our ethics will prosper this time

Back to the days  
When me (all) were predators  
Willing to fight to claim  
What's ours
