## "Coming Home"

I'm sorry that I don't come around here very often,  
My number changed and I forgot to let you know just  
where I am,  
It's too late to bring this up and anyway I've had  
enough for today,  
It's good to see you again.

'Cause you know you're not the only one,  
Who's been living with the damage done,  
It's hard to hide the pain of coming home.  
When you standing right in front of me,  
With all the things I have to leave,  
It's hard to hide the pain of coming home,  
It's hard to hide the pain of coming home.

I'm feeling like I don't belong with you, here where I  
started,  
The days are gone when I would watch and tear all our  
dreams apart,  
Honestly, I don't regret the urgency of how I left with no  
warning,  
But you had to see it coming.

'Cause you know you're not the only one,  
Who's been living with the damage done,  
It's hard to hide the pain of coming home.  
When you standing right in front of me,  
With all the things I have to leave,  
It's hard to hide the pain of coming home,  
It's hard to hide the pain of coming home.

So, this place is full of broken hearts,  
I'd really love to put them together again,  
I've got to watch out for myself,  
'Cause we've all lost something,  
We've been hanging on,  
It won't take much to break us.

'Cause you know you're not the only one,  
Who's been living with the damage done,  
It's hard to hide the pain of coming home.  
When you standing right in front of me,

With all the things I have to leave,  
It's hard to hide the pain of coming home,  
It's hard to hide the pain of coming home,  
It's hard to hide the pain of coming home.
