In school days I blew baze got ripped and fucked up
In new jays on 2 ways I scritch and scratched up
I beat that bitch up when I found out she lyin
Who she think I am? Saving Private Ryan?

Andre Nickatina--

I make the town move just by walkin on your block
Take the keys to yo city but I still picked the locks
Buy a car and a glock put the cash in my socks
put the beat in the trunk so ya hear the shit knock
To hell with the law the freeways mines
so is yo freak, radios, and alpines
Coke wit a little bit of cherry lemon lime
Ya think of me ya think of big money everytime
Kennel Cole shine like the trigger of a nine
Orca was a whale but pisces is the sign

Mac Dre--
