oh, man, cats be askin me do i love rap, you no i treat  
rap the way it's supposed to be treated ya know, illegal  
thoughts, money motavating manuevers, a first class  
ticket to the hottest place imagine ya know, straight  
lust, check it.

chorus: i treat rap like cops and robbers  
count illegal dollars  
twist like a whirlwind  
do it til the world ends  
bust just like a choppa  
x2

ya everybody read my attentions  
bounce so quick and start your engines  
i can take it to another dimension  
another time and more space  
my energy heat it up like the north face  
i see the pace in rhymes like a tempature  
i try to get control like an editor  
never sweat when im two steps ahead of ya  
im in and out of the studio on the regular  
i got a mash, envision the cash  
whiplash 'cause a motherfucka got it so fast  
can put it past anyone comin wait realer  
my rhymes attemptin like coke on a mirror  
quite decisive a who rock tight shit  
and get the thang to swang like a night stick  
shake it up lifeless, jaws of terror  
nuttin else but myself to rule this era.

chorus x2

the faster way, my rap is great, full time in ya mind  
im'a captivate  
so ya better just bystand with no mic stand you couldnt  
rock the house with a live band  
i be ready just to take the heat go and chase the freak  
and im'a lace the beat with technique  
thats not found first chump step up straight got  
clowned knocked down face first  
the back...rap a tap glich, release the rounds so rapid

ya flinch  
gimme ya engine im'a take em out we just spend ya  
fuck lo profile

chorus x2

last standin cuttin and plannin certified dose so ya  
gunna demand it  
take that shit over like a new prince and ever since we  
re-rinse wit new prints  
everyone straight taggin bag waggin grabbin i mean  
the shit u couldnt imagine.  
my momma gunna weep but i keep flyin like a dragon i  
be 50 years old and still saggin.  
mind control about a gram a dose im'a explode  
overload land and blows  
cant really expect to understand it tho  
stay candid with ur little standard flow  
while i stay tech like a lion, bitch  
break down compounds like a scientist  
increase production ya feel  
smackin up sucka mc's til i rest in peace.

chorus x4
