They call me Tennessee tornado  
You can call me Dr J if you a baller, and its getting fatal  
My big 6 crush the whole table  
'cause my domino effect is from the grey back to the  
cradle  
I rap MC lullabies  
So these cats bring 38's, tek nines and 45's  
The grass is green, so we stay high  
Freak, how you gonna buy a burger, didn't get the  
damn fries  
I leave ya stiff when I elevate  
5-0 at the door, tigers all hit the fire 'scape  
I got my money, my weed, i got my wallet  
Staggering like an alcoholic, just can't call it, yo

[chorus]

We do these things and we don't give a fuck  
We fire up a blunt, in the car bumpin' Cougnut  
I got on my blue star Chucks  
We fire up a blunt, in the car bumpin' Cougnut  
My rap mag plays laser tag  
So they can find your hand and the mic' in the brown  
bag  
I wear my pants with a slight sag  
I expose your shows with flows, man, 'cause I love cash  
I rhyme gamble like Pete Rose  
And I sport new clothes on you MC fine hoes  
I locate like transmitters  
And you know with my wood your heart fill the five  
spitter?  
I ain't nothin but a go-getter  
Some think I'm touched so they label me a gold nigger  
Keep skis like a gold digger  
Like credit card scams that exceed in the 4 figures

[chorus x4]
