"My line of work is considered by some to be a...
a tumor on society, be careful Mr. Magenta there are
benign tumors,
and there are others, that are very malignant..."

(Saafir)

Ay-ay, Ay-ay (Saaf Bizzle)

Ay-ay, Ay-ay (Saaf Bizzle, Nickatina) Yo

Mothafucka in here with some real Nickatine man...

(Andre Nickatina)

When the gat would hit, then the rhyme would spit
gotta nail you to the crucifix

I ain't new improved man I'm true to this

Ain't nothin you can do to this

Chicken head, mislead, caught a shot to the head

Instead we get high as a mothafuckin nigga yeah wit
no dreads, no dreads

I get to plugging that, who Thuggin that

Gotta go drop a bug in that

Post up where the drugs is at

Yeah mothafucka where the lovin at

My computer brain is on high octane

Ripping like a rocket man

Block it try to stop it man

You'll end up in my pocket man

Bust like a bullet or watermelon

What's the CD there you're selling

Better not be mine or mothafucka you gon' start to
yelling

Fillmore rap academy, Bustin right at your sanity

Ammo and artillery, talk a major salary

Charge just like a battery, for assault and battery

Dead just like a battery, from this major battery

(Saafir)

I bang that West Oakland my colors the silver and black

Raider nigga got his stripes from the barber shop

where the filmed "The Mack"

Nigga I got them rules on my shirt and I'm deep in this
game

All angles spittin it so niggas don't get it confused with

the fame
Let me tap that blackness on your eyeball like "What
the fuck you lookin at?"
Then I got to remember, I'm strizzled and sacked and
saucy off smack
Bitch I ain't no contender, I been holding these
championship rings
Ammunition and big faces mothafucka I been
"Ladeem"
Niggas on the turf on American soil, gettin this
American green
Niggas hate 'cause I'm skyscraping the small shelf Bull
pit cigarettes
I promise a hospital harness, to be taken the farthest
from this life
Nickatine and Saafir, Sizzaline is the farthest on this
mic

(Andre Nickatina)
Walked out of court doin major bragging
Bruce Lee down like dangerous dragon
Blue jeans doin some major sagging
speakers bump hard in the station wagon
Hot heavy and ready
Garlic bread with the spaghetti
Do it like Bo-Bo, with a fo-fo
Times fo-fo, Times fo-fo
Write to the gods like it's legendary
Some might think its imaginary
In the rap game freak I popped the cherry
What you gotta say about that
Kick it live like a 45 number 2 pencil
give my soul away, for the perfect gangsta
instrumental, ya feel me
Check it, load me up and then cock me back
Then come right back with the counter rap
He's bustin raps till he collapse
Or at least until his chest might crack

(Saafir)
I ain't one of these bitch ass niggas
that ain't from the town that spit what he don't do
But I'ma let him bumble a little more then I'ma hip all
my niggas to you
You lyin about tryna be hot that ain't fire that you spittin
Purple haze a fake crook get cooked and burnt
and baked the fuck up in Hell's Kitchen
I ain't one of these bitch ass niggas
that ain't from the town that spit what he don't do
But I'ma let him bumble a little more then I'ma hip all
my niggas to you

You lyin about tryna be hot that ain't fire that you spittin
Purple haze a fake crook get cooked and burnt
and baked the fuck up in Hell's Kitchen
I know at his next show he'll be slipping, 'cause his
guns ain't clicking
He tryna shine like stadium lights I'ma leave this nigga
ice dripping
With some real heat star 6-70
For a bitch ass Hollywood nigga that wanna become a
star that's heavenly
It's not hard, you can depend on me,
Serving niggas like you, I'm the epitome
Only difference I don't drink much
And mothafuckas get deeply touched
That think I give a fuck tryna get money
but shit if you gotta get hit I'll dump your face off
Have your ass under the Astroturf of some shit
Crack that weak Halloween mask
and stab your ass in a pumpkin, I'm dumping

West Oakland...Saaf Bizzle...

"Finished with the assignment, beautiful, excellent
work, great work..."
