December brings the silent night
My holier swing sweet love
We hide behind closed doors of light
Waiting for the glow
Steven said the poem of mine
Delves in cool delight
Glittery fields of snow white tan
For miles in your sight

You scream and say Light up my day
Throw your rhinestones in my tray
You scream and pray God bless the day
When I find you in my tray
Sha la di da di daj (aaah)
Sha la di da di daj (aaah)

Whispers from the end of time
Radio sound so sure
She is wearing a crown of glittery gold
Singing evermore
Shiny stars light up the sky
We are always running wild
But if you give your love to me
We can stay here forever while

You scream and say Light up my day
Throw your rhinestones in my tray
You scream and pray God bless the day
When I find you in my tray
Sha la di da di daj (aaah)
Sha la di da di daj (aaah)

Who is the one? I call upon
What's her name? I call upon
Who is the one the one I love?
The one you could not know

December brings the silent night
My hellier swing sweet love
We hide behind closed doors of light
Waiting for the glow

Steven says the poem of mine
Delves in cool delight
Glittery fields of snow white tan
For miles in your sight

You scream and say Light up my day
Throw your rhinestones in my tray
You scream and pray God bless the day
When I find you in my tray

Sha la di da di daj (aaah)
The one I love (aaah)
The one I love (aaah)
The one I love (aaah)
The one I love!
