This was not really meant to be  
But some things in the night were frightening me  
I hid behind a tree, hoped the things would go away

My friends got worried, they were waiting for me  
Because we had to leave now - EMERGENCY  
I was still behind the tree  
And they just couldn't stay  
I'm all alone - E.T. phone home  
Now I'm on my own - E.T. phone home

Please, I don't want to stay  
Don't leave me here, take me away  
Let me make one more call  
I saw my ship lift from the ground  
I heard shouting voices all around  
So I didn't make a sound  
And the things went away

So here I am and I don't know what to do  
Should I try to contact someone like you?  
I'm all alone - E.T. phone home  
Now I'm on my own - E.T. phone home

Please, I don't want to stay  
Don't leave me here, take me away  
Let me make one more call
