She's not just another face
She's love and proud to say
And I've got somebody, who treats me oh so good
She makes me feel so nice
She knows how to do it right
The best comes out of me when she's near it's clear to see
We love being together
That's why I feel sorry for those who choose the road
They're looking for love but feeling alone
I got somebody who says I'm just enough
I say she's crazy about my loving stuff

And she's good and plenty, my good and plenty girl
She's plenty good to me
And she's good and plenty, my good and plenty girl
It's just enough for me

She's not just an average girl
She takes the time to care
And every lasting love is with Michelle

She's good to be around
It's my favorite hope for ground
She's my baby doll my one and all

It's so hard to find a love that's real
Some look for good times
Some look for thrills
I've got somebody who'll give it all she gets
As long as I will give it back

And she's good and plenty, my good and plenty girl
She's plenty good to me
And she's good and plenty, my good and plenty girl
It's just enough for me

And she's good and plenty, my good and plenty girl
She's plenty good to me
And she's good and plenty, my good and plenty girl
It's just enough for me
(till fadeout)
