"Ice Machine"

Running through my head secretly
Shout at the boys in the factory
I'll ring you on the telephone silently
Like blood, like the wine in the darkroom sea

A letter, once composed
Seven years long and as tall as a tree
Reading on the wall
Efficient, efficiency

Resurrect, as a feeling
On my window, of a past reunion
A vision of a picture
Like the city and the air we breathe

She stood beside me once again
I knew her face
We met before, in the street
Recalling all the children dancing at our feet
Their dancing feet
