It's a long way to the top
You can make it if you try
It's a long way to the top
You can make it if you try

There's a lotta things you can be
Concentration is the key
Your direction you must choose
Be determined not to lose

Keep on believin', you got what it takes
Sooner or later you'll get your break
Just 'coz you stumble don't mean you have to fall
Your world won't crumble if your head stand tall

It's a long way to the top
You can make it if you try
It's a long way to the top
You can make it if you try

If a dancer is what you wanna be
You'll have to say your price and dance all alone
Success brings responsibility
Self respect is the only thing you own

No one can say how long this gonna take
Just keep on tryin', you'll get your break
Bring out your feelings and do it right
You'll be a star shinin' in the night

It's a long way to the top
You can make it if you try
It's a long way to the top
You can make it if you try

It's a long way to the top
You can make it if you try
It's a long way to the top
You can make it if you try

It's a long way to the top
You can make it if you try

It's a long way to the top
You can make it if you try
It's a long way to the top

Keep on believin'
Keep on believin'
Keep on believin'
Keep on believin'

It's a long way to the top
It's a long way to the top
It's a long way to the top
It's a long way to the top

It's a long way to the top
It's a long way to the top
It's a long way to the top
It's a long way to the top
