Right now I'm feeling sick  
I think I'll be a lunatic  
My senses are out of control  
I am a Vulcan without a soul  
Chorus:  
Mr Spock's brain  
Mr Spock's brain  
Something has stolen it again  
Run away with my very special brain  
We have searched all of the Enterprise  
Negative result, this isn't nice  
Chorus:  
Where is my brain  
Oh what a pain  
I'm going insane  
We have to find it within an hour  
Otherwise it will lose it's power  
The price of a new one is too high  
Will I survive or will I die  
Chorus:  
Where is my brain  
Oh what a pain  
I'm going insane  
Mr Spock's brain  
Mr Spock's brain  
Chorus:  
Mr Spock's brain  
Mr Spock's brain  
Mr Spock's brain  
(repeat and fade
