A female crew member
Causes him a head injury
He goes to a local cabaret
For recovery

He gets attracted
To the lovely dancer
She leaves the club
With the handsome romancer

There is a scream outside
It carries high and wide
And there he stands
With a knife in his hands
Wolf in the fold
A story to be told
He didn't do it, he's innocent
You've gotta see
There's gotta be
A wolf in the fold
He can't remember
Anything of the incident
The old barbaric laws
Mean a terrible punishment

He gets help
By a psycho-technician
She feels the presence
Of an evil alien

There goes the light
A scream in the night
And there he stands again
Is he insane?
Wolf in the fold
A story to be told
He didn't do it, he's innocent
You've gotta see
There's gotta be
A wolf in the fold
