I'm looking at you  
You are looking back at me  
What do I do  
Do I say what I'm thinking  
Just like a dream  
Like a sweet illusion  
This game that you're playin'  
It seems so surreal

You're comin' my way  
And my body starts sweatin'  
It's all so cliché  
And my mind is taken  
The room just keeps on spinning 'round  
Before I know my will is bound  
And I can't make a single sound

Suddenly  
I'm lost in your eyes  
I want you over me  
You're stuck in my mind  
And I'm afraid to speak  
Maybe I'm shy  
Suddenly  
I want you over me, over me  
[x2]

You're taking my hand  
Your touch is oh so gentle  
On every command  
I'm getting so sentimental  
If this is a dream  
Then I don't wanna wake up  
Lost in your charm  
I'm caught in what I feel

I sway in your arms  
And I feel so enchanted  
You're whispering words  
And all your wishes are granted  
You're kissing my lips

A taste that keeps me spellbound  
I'm losing my ground  
This is my heart's eclipse

Suddenly  
I'm lost in your eyes  
I want you over me  
You're stuck in my mind  
And I'm afraid to speak  
Maybe I'm shy  
Suddenly  
I want you over me, over me

And I  
I feel you so near  
Like we're alone in the dark  
And now  
Things become clear  
You'll leave a mark in my heart

Suddenly  
I'm lost in your eyes  
I want you over me  
You're stuck in my mind  
And I'm afraid to speak  
Maybe I'm shy  
Suddenly  
I want you over me, over me
