I know what you're waiting for  
There's this feeling you can't ignore  
It's something I do boy  
Here's something for you boy

Now get your eyes over here  
There's nothing you have to fear  
Let's put time to use boy  
We've got nothing to lose boy

Wait and see  
Come here with me  
Wait and see  
We'll get in deep

Now come on go  
Just on straight ahead  
Heads up my beau  
Please don't make me mad  
You came here to me boy  
So just wait and see boy

Don't be shy  
Step into the light  
Because tonight  
You're my shining knight  
I put on a show boy  
Your seat's in first row boy

Wait and see  
Come here with me  
Wait and see  
We'll get in deep

I'm not talking forever  
Can you keep it together  
Oh oh  
Just wait and see

I've been waiting and seeking  
Tried to hide it and keep it

I've been waiting and seeking  
Tried to hide it and keep it  
Now sit patiently

Wait and see  
Just you and me  
Wait and see  
Come here with me  
Wait and see  
Just you and me  
Wait and see  
What we can be  
Wait and see  
Come here with me  
Wait and see  
Wait and see  
Just you and me

I'm not talking forever  
Can you keep it together  
Oh oh  
Just wait and see
