Son of fire, born of metal, lives in infamy
Metal youth darkened the soul, in total control
Evil prediction, birth of metal, changed the rules
Dark ritual raise the metal from blooded altar

Fucking metal

All the fakes must die
By the order of the fallen
Rising from the pits of hell
To listen fucking metal
There is nothing except metal
Metal flows in my veins
Fucking metal straight from hell
Took our lives, cut our limbs
From beginning 'till the end
We'll listen to metal and spit on the rest
For fucking metal, we will live, and we will die
Just for fucking metal

God of metal fell from the sky to thrash with us
Drunken metal thrashes his head and falls back in hell
Spawn of metal destroyed the earth and killed the weak
Metal legions raped all sluts and taught them fucking love
