By this oath our fate is sealed
We have new power to wield
Metal is that strange power
Every moment becomes rawer
We stand true, we stand proud
This hellish noise blessed the loud
We are true metal slaves
Banging our heads 'till our graves

[Chorus:]

Metal from beginning, metal's till the end
Metal is forever
This world can burn, but I don't fucking care
In metal we trust
Metal from beginning, metal's till the end
Metal is forever and ever

This is metal oath, live for steel, die for fucking steel

Fuck the world, politics and ethics
Listen to metal and kill the fucking wimp

Ancient gods will show their face
They will rise and take their place
Fucking slam that makes you bleed
Metal is the drug we need
Metal lives forever
Cause it's the will of people
There is no uncertainty
Metal is immortality

[Chorus]

This is metal oath, live for steel, die for fucking steel

And don't break this metal oath

And remember this metal oath
This is metal oath
