(chorus)

All the thugs in the clubs get ur cris on ice (ice)  
Ladies in the club shake ur body really nice (nice)  
My kind of jam so we?re doing it right  
Yo, who got the inflow keeping it tight

Remember i told you, I?m a soldier  
Drop this in the club and it?s all over  
It?s all over  
It?s all over

2nite leave out the crib with the Gucci prize  
Christian Dior boots, Fendi life  
Then be my girls roll up in the night  
Outside the club security tight  
Skip through the queue to the door on the right  
Up on the floor by the bar what do you like  
Time out bezzel techno ice  
I?m in the wrong room this is techno night  
Into room 2 playing joints i like  
Breakers being Harlem shaking all night  
And if you?re in the mood grip left and right  
Party all night we dont wanna fight  
Solid we buy bars for the crew in sight  
In the VIP Dready be bringing the vibes  
One glass of verve two shots of ice  
Ladies shake your ass all night

CHORUS

#### CHORUS

It?s me agen Mega pumpin? the Gs my friend  
The ladies all say i do this with ease  
Begin 2 tease the PUM then go

And come so stupid that they?re  
Shaking their knees and blend  
Maffia with some low down soldier lyrics  
You got one in it when  
So solid is turning believe it  
All those dreams OK i can give you a minute  
Take that La Senza off of your whole spirit
