

So They Say "Nuclear Sunrise"

His shadows the blanket that couldn't keep you warm if
it tried

So would you like to take a ride?

On the last free standing thought in my mind

And I hope it won't get old

I highly recommend you bring an end to what you're
feeling inside

You don't scare me

I'm wide eyed mouth dried in a nuclear sunrise

Stay here and burn with me under the sun

Lay me here underneath the California sun

There's a sea of children playing in the streets with no
friends

So here's to the faithless, get off you ass and start a
revolution

You don't scare me

I'm wide eyed mouth died in a nuclear sunrise

Stay here and burn with me under the sun

Lay me here underneath the California sun

I will die here

(The sun)

And without fear

(The sun)

I hold everything

(The sun)

Laying here under the sun

(Under the sun)

I'm wide eyed, mouth dried in a nuclear sunrise

Stay here and burn with me under the sun

There's a sea of children playing in the streets with no
friends

So get off you ass and start a revolution
