

So They Say "Nuclear Sunshine"

His shadows the blanket that couldn't keep you warm if
it tried

So would you like to take a ride
On the last free standing thought in my mind
And I hope it won't get old
I highly recommend you bring an end to what your
feeling inside

You don't scare me
I'm wide eyed mouth dried in a nuclear sunrise
Stay here and burn with me under the sun
Lay me here underneath the California sun

Theres a sea of children playing in the streets with no
friends
So heres to the faithless, get off you ass and start a
revolution

You don't scare me
I'm wide eyed mouth died in a nuclear sunrise
Stay here and burn with me under the sun
Lay me here underneath the California sun

I will die here (the sun)
And without fear (the sun)
I hold everything (the sun)
Laying here under the sun (under the sun)

I'm wide eyed mouth dried in a nuclear sunrise
Stay here and burn with me under the sun

Theres a sea of children playing in the streets with no
friends
So get off you ass and start a revolution
