rain against a window
organs make you cry
thoughts are in oblivion
you dont really dare
the rage against your love
the days you spent together
broke up in one night
walking trough the park you try to get
them off your shoulders
running around just to escape from all
your rainy dreams
awfull is the word too
winner of the game
next time you are closer
teach him what to do
walking trough the park you try to get
them off your shoulders
running around just to escape from all
your rainy dreams
Pay my rent for nothing
greet me in the park

sigh in strangers accent
papers to be signed
walking trough the park you try to get
them off your shoulders
running around just to escape from all
your rainy dreams
lost my soul in laundresse
found you in the park
spend there all my talents
roses without thorns
walking trough the park you try to get
them off your shoulders
running around just to escape from all
your rainy dreams
caaron is a secret
places that you meet
sometimes wished to stumble
fall down on your knees
to blame your love is easy
with that sinful grin
but crying on your shoulder
is a deadly sin
walk with me the winding road now that
i can read your daydream
because i am the finder of your seraphim
