i must be waisting my time baby, baby
free is just a fool in my heart (just a fool in my heart)
(feel the funk)
never get a girl like you
chorus:
i guess its all in my mind
i must be waisting my time
what made me think that id ever get a (ever get a girl
like you)
its just a fool in my heart
should have known from the start
what made me think that id ever get a girl like you
baby i know that you and me
could have had something special
im not sure what it means but it seems
that your minds no more
and we could have had it all suga
momma sayd i waiste my time
time and time again im fine
that you were always on my mind
now i guess ive got to go
i didnt then but now i know who
(repeat chorus)
where will we go from here my dear
i just dont know
thcuz you gotta way with me cuz my future was clear
now i just cannot see
we could have had it all suga
momma sayd
dont waiste my time
time and time again im fine
that you were always on my mind
now i guess i got to go
i didnt then but now i know
(chorus)
