Back to the future!
My world, my life, flash before me
My hopes, my dreams are slowly fading
Stuck in a place, I never thought we'd be
But we can change our destiny, yeah
It's like I looked in a crystal ball
I saw me and you and we had it all

Chorus:
Take me back, back to the future
When I always knew that
I, I, I'll never lose you
Don't wanna live… now
Take time and freeze it somehow
And you're the back, back to the future,
Back to the future, oh!

This rode we're on, leads nowhere
Let's turn around, and once we get there
We'll close that door, and get on with our life
Forget about the past, oh, oh!
It's like I looked in a crystal ball
I saw me and you and we had it all

Chorus:
Take me back, back to the future
When I always knew that
I, I, I'll never lose you
Don't wanna live… now
Take time and freeze it somehow
And you're the back, back to the future,
Back to the future, oh!

Let's go, let's go
I wanna go back!
Let's go, let's go, let's go!
Just don't give up on us, now
No need to be afraid
I saw our future mapped out

Chorus: (x2)

Take me back, back to the future
When I always knew that
I, I, I'll never lose you
Don't wanna live... now
Take time and freeze it somehow
And you're the back, back to the future,
Back to the future, oh!
Oh, oh, oh, oh
