Its the sound of of a bolt of lightning,
Its the sound of thunder striking,
I try to stop while the earth quakes under my feet.

Its the touch of the rain falling,
It is the taste of a bitter kiss,
You try to keep all the fire from running your lips.

Love, Crash, Heal
Less, I, Feel

This is the face of starting over,
A love life glimmering so,
Still feels so cold.

Love, Crash, Heal
Less, I, Feel

Love, Crash, Heal
Less, I, Feel
Love, Crash, Heal
Less, I, Feel
