He's a stranger to authority
Welcome to the minority
It's not some place you have to go
It's not something you have to know

Don't do this, don't touch that, hey
Draw the line [unverified]
I'll speak my mind
Maybe I'll wait for another time

Sometimes you get close to those who wait
Sometimes it makes you hesitate
Some folks find more humanity
Some folks find more than sanity

Don't do this, don't do that, don't try this
Don't do that, don't try this, don't touch that
Hey, do it for the last time
By the weight of the world coming down

Down on, down on up to me
Down on up to me, wait for another time
When you look down on me
I get so uppity, starting my own army

Just me and my friends
Said you better get ready

Coming down, down on
Down on up to me, down on up to me
Coming down, down on
Down on up to me, down on up to

Though it might just come down to trust
It sometimes just comes down to lust
That's just one person's point of view
