Make ure chillin
guts start spillin
its piece of a puzzle
piece of a trouble
is it somethin else?
ure sellin yourself
Im so wanting
without a clue
gotta find something better
something better to do
something so exciting
Im into something new
you piece together the whole thing
gives u something to use

maybe I should practice it one more time
maybe Im afraid what it might do
maybe it might upset someone
maybe that's what its supposed to do

pull it from the bottom
it begins to change
find another existance
thats what ure trying to say?

Im not pushin u out
Im not pushin u off
Im not pushin u out
Im not pushin u

All of the lands are terribly restless
with tellin u what to do
but u go bak to the land
where ure defensless
they act just like me and u

look what u've dont to me
look what I've done to u
look what they've done to us
now were like noone else
theyre laughin at u
talkin about u

all these new things
all these new things
I found in use

and Im workin so hard
when I think it is real
everybody does once
just to see how it feels
its not a sensation
and its not for sale
so what can u call it now?

keep em gotten
theyll spoil u rotten
keep em gotten
keep em gotten
just another freak
be another freak
be a freak
