Go ahead, spit it out, I can take it  
Don't do this, don't do that, try and fake it  
I, I, I have seen it all  
Tell me there's something wrong, make me see it

How I try, I must be wrong, it must be me  
I, I, I have been wrong before  
And I confess that I am having a hard time  
And I confess that your hard time's harder than mine

When it's over when it's over, I'm coming over  
Use your shoulder, soon be over  
But I'm losin' it, losin' it, losin' it, losin' it, losin' it, losin'  
it

Suck it up, rip it out, still I'm learnin'  
Light it up, put it out, keep it burnin'  
I, I, I've been burned before  
Come on out, I know you can make me happy

Little smile just ahead, make it happen  
I, I, I have smiled before  
And I confess that I am having a hard time  
And I confess that your hard time's harder than mine

When it's over when it's over, I'm coming over  
Use your shoulder, soon be over  
But I'm losin' it, losin' it, losin' it, losin' it, losin' it, losin'  
it  
I'm losin' it, losin' it, losin' it, loose it, loose it, losin' it  
I am having a hard time
