I guess I'll see you later  
Sweet manipulator  
And how I thank you dearly  
For helping me see clearly

Yes sir, no sir, let me go  
Sir, I don't even want to know  
Sir, I've had all that I can take today

But I found out so long ago  
It don't matter if it shows  
And it's up in the air tonight  
Yes, it's up in the air tonight

Now you're anticipating  
That nostalgia's waiting  
With your social statement  
Boxed up in the basement

Yes ma'am, no ma'am, let me go  
Ma'am, I don't even give a damn  
Ma'am, I suppose I'll stand another day

I booked my flight despite my plans  
I hope this flight, it never lands  
And it's up in the air tonight  
Yes, it's up in the air tonight

'Cause I've got all night  
Lie here on the floor  
I got all night  
Just like the night before

So make it soon  
And I guess I'll see you later  
I guess I'll see you later  
I guess I'll see you later  
I guess I'll see you, see you, see you  
See you, see you, see you later, later, later, later

We're so up in the air tonight
