I ran the way  
I walked a fine line  
Wasted time or need to find  
You will call and I'll take mine  
And to remind me  
I am fine  
What you are is  
What you see and  
You see me and we can be  
Something we can call we  
We are we are  
Doing the what-we-can  
Working without a plan  
I'm beginning to understand  
It's getting out of hand  
I have seen these do-si-do's  
I've walked up on this road before  
Picked it apart for hours and hours and  
Hours and hours  
Of turning  
Tossing and  
Looking and  
Listening  
To you and all the f\*\*\*\*d up things you do  
But you're doing the best you can  
With every grain of sand  
That's trickling through your hands  
So catch me if you can  
If someday comes early  
Comes whipping, comes whirling  
To take you for all you have learned  
The tables are turning  
Your bridges are burning  
My destination sometime to return  
Throw away your calendar and

Sign up your salamander  
Get up and get down  
Right in the town and look around  
Get up and do something  
Your time to choose it  
Do it do it do it do it do it!

Doing the best I can  
Living without a plan  
I'm taking what I can get  
I haven't seen nothing yet  
If one day you wake up and  
Find what you make up  
Come and get me  
Come and take me there  
Into your illusion  
I make my intrusion  
Anytime, anyplace, anywhere  
The hourglass is draining fast  
It knows no future  
Holds no past  
And all this too will come to pass  
Never forever whatever  
If someday comes early  
Comes whipping, comes whirling  
To take you for all you have learned  
The tables are turning  
Your bridges are burning  
My destination sometime to return...
