She started out working on a new simply life,
Not really what she wanted
Just dealing with the feeling when you're feeling
Like you'd wished she was fine,
You just don't talked about it.
And I'm walking on water,
From the .. field
They were strained on the end
And she can barely believe he was real,
So she said
Make it happen, take it to Manhattan if you like the
latest cool
I know it's ... but how about the Mississippi?
I'll go anywhere with you.

When we're ... of the river in the middle of the summer
time,
He was out from the Coast and ever since he said he
never stop until they got it right
Here's what they wanted the most.
And he looked everywhere
And she been alone
They were just looking for a place to call it home
So he said
How about Manhattan? We can make it happen
Hope you can find it too.
I know it's ... but how about the Mississippi?
I'll go anywhere with you.

I head any town with you,
I could die in a fire, but though with you.
