I'm hung up on a wire so thin
Tearing out what's been trapped in
My puppet string's been pulled too tight
I can see the real me's going to be a bloody fight

I'm your Voodoo doll, don't you hear my call?
I'm your Voodoo doll, don't you hear my call?

Trying so hard to forget
Got my bottles, got my pills, got my TV set
I'm imprisoned by my passion, I'm a slave to my trade
How can you be so possessed by the profit that's been made?

I live for love where love's insane
I need to numb to ease the pain
When the end begins again
Needles, needles, I'm sticking them in

I'm your voodoo doll, don't you hear my call?
I'm your voodoo doll, don't you hear my call?

I'm strung out on pretty, pretty girls
God, I forgot about the rest of the world
Pots and pans and good free sex, my wife she is the best
If I get bored, I'll have a family and get into incest

I live for love where love's insane
I need to numb and ease the pain
When the end begins again
Needles, needles, I'm sticking them in

Your voodoo doll, don't you hear my call?

Think your thoughts, confirm your petty doubts
The spell is cast in broken glass, your time is running out
Just a prisoner, you're just a prisoner
You're just imprisoned by your own devices

Come on out and bleed some blood

And solve this fucking crisis

I live for love where love's insane
I need to numb to ease the pain
When the end begins again
Needles, needles, I'm sticking them in

You know, this world doesn't seem so fucked up
When I'm fucked up too
