Sarah:

I don't have to say
A word to you
You seem to know
Whatever mood
I'm going through
Feels as though
I've know you forever.

JosÃ©:

You
Can look into my eyes and see
The way I feel
And how
The world is treating me
Maybe I have known you forever.

Both:

Amigos para siempre
Means you always be my friend
Amigos para siempre
Means a love that can not end
Friend for life
Not just a summer or a spring
Amigos para siempre.
I feel you near me
Even when we are apart
Just knowing you are in this world
Can warm my heart
Friends for life
Not just a summer or a spring
Amigos para siempre.

Sarah:

We share memories
I won't forget
And we'll share more
My friend,
We haven't started yet
Something happens
When we're together

*JosÃ©:

When
I look at you
I wonder why

There has to come
A time when we must say goodbye
I'm alive when we are together
Both:
Amigos para siempre
Means you'll always be my friend
Amigos para siempre
Means a love can not end
Friends for life
Not just a summer or a spring
Amigos para siempre
I feel you near me
Even when we are apart
Just knowing you are in this world
Can warm my heart
Friends for life
Not just a summer or a spring
Amigos para siempre.*

In Spain the most famous renditions of this song was made by Spanish group Los Manolos with rumba arrangements and Spanish lyrics, except for the chorus. It reached number 3 in the Spanish charts. [1] It was later reinterpreted by Effie and Norman Gunston and reached the top 20 in Australia at the time.
