Night time sharpens, heightens each sensation.  
Darkness stirs and wakes imagination. Silently the  
senses abandon their defences.

Slowly, gently, night unfurls its splendor. Grasp it,  
sense it, tremulous and tender. Turn your face away  
from the garish light of day. Turn your thoughts away  
from cold unfeeling light and listen to the music of the  
night.

Close your eyes and surrender to your darkest dreams,  
purge all thoughts of the life you knew before. Close  
your eyes, let your spirit start to soar. And you'll live as  
you've never lived before.

Softly, deftly, music shall caress you. Hear it, feel it,  
secretly possess you. Open up your mind, let your  
fantasies unwind, in this darkness that you know you  
can not fight, the darkness of the music of the night.  
Let your mind start a journey through a strange new  
world. Leave all thoughts of the life you knew before.  
Let your soul take you where you long to be, only then,  
can you belong to me.

Floating, falling, sweet intoxication. Touch me, trust  
me, savour each sensation. Let the dream begin, let  
your darkest side give in, to the power of the music  
that I write. The power of the music of the night.

You alone can make my song take flight. Help me make  
the music of the night.
