At 14,000 times a second, the speaker moves
Magnetism pushes the impulse through
But I can't keep that speed
I can't generate that frequency

What the sound pressure level means
Wants a randomized electrons
I can't read
And you're still not dancing

She came pushing 16
She came pushing 16 horses

I saw her and thought of her and thought of her
And I thought I heard a doorbell tone
And I thought I saw, thought I saw and thought I saw
You watching from the lawn

She went over bridges
Like the river was a dream, dream
Over bridges
Like the river was a dream, dream

She came pushing 16
She came pushing 16 horses

Two rings, two rings, two rings, clamp down
Quit it
Two rings, two rings, two rings, clamp down
Quit it

Two rings, two rings, two rings, clamp down
Quit it
Two rings, two rings, two rings, clamp down
Quit it

She came pushing 16
She came pushing 16

She came pushing 16
She came pushing 16 horses
