

Soul Coughing

"So Far I Have Not Found The Science"

Visit "[So Far I Have Not Found The Science](#)" on MotoLyrics.com

I don't mind worry following me like a dinosaur
I don't fear I am descending into the molten core
So far, I have not found the science
So far, I have not found the science

But the numbers keep on circling me

I don't mind worry following me like a dinosaur
I don't fear I am descending into the molten core
So far, I have not found the science
So far, I have not found the science

But the numbers keep on circling me
But the numbers keep on circling me

I'm gonna give you most of mine
I'm gonna give it if I don't slip you
I'm gonna give you most of mine
I'm gonna give it if I don't slip you

I'm gonna give you most of mine
I'm gonna give it if I don't slip you
I'm gonna give you most of mine
I'm gonna give it if I don't slip you

So far, I have not found the science
So far, I have not found the science

But the numbers keep on circling me
