I could scream stand up with a fist
But i write it down another enemy on my list
This job has cut my wrist
Things can't get done when you don't exist
You politicians your lack of vision
Has made me something that i'm not
So fill our space and take your faith man
You don't know what you got
This ain't no way to make a livin
I get no love from what i've given
And i can see i've got to give again oh no
I'm at the end and i've said enough
I can not give what you've already got no
Not this dance again the wheel just spins
This ain't no way to make a livin
This ain't no way to make a livin
It's a fight to get to the top
When i get back some punk sittin in my spot
I don't stand against myself
But sometimes i wish i could be someone else
You're ordinary and stationary
Please don't take my life
I'm not religious your words are wicked
You don't know what it's like
This ain't no way to make a livin
I get no love from what i've given
And i can see i've got to give again oh no
I'm at the end and i've said enough
I can not give what you've already got no
Not this dance again the wheel just spins
This ain't no way to make a livin
This ain't no way to make a livin
I feel I've done all that i can
I fight the sheets to get out of my bed
But you don't owe me anything no
You don't see what i've become
You can't believe in the things i've done
You don't want to start me up
You still don't see what you got
This ain't no way to make a livin
I get no love from what i've given
And i can see i've got to give again oh (yeah

I'm at the end and i've said enough
I can not give what you've already got no
Not this dance again the wheel just spins
This ain't no way to make a livin
This ain't no way to make a livin
This ain't no way to make a livin
This ain't no way to make a livin
This ain't no way to make a livin
This ain't no way to make a livin
