I haven't had anyone to answer to
in a long time
So forgive me if I'm rusty
I cant take the time
It's what you want
So here I am and
there are you

Coz when it's good, it's really good
But when it's bad, well you know how it goes

Coz we are alone and we are together
(La da da da da)
Weak inside, our own heads
We can be like this for hours
And we can be good, yeah
If we try to be good, if we try
I know that we can be good

So I 'fess up, but you know
thats not how I meant it
Thats when I never mean to hurt you

At the time I thought it was for your own good
But i realize it was just for mine, mine mine

But when its good, its really good, ohoh
But when its bad, well you know how it goes
Ba ba da ba da, ba ba da da

Coz we are alone and we are together
(La da da da da)
Weak inside, our own heads
We can be like this for hours
And we can be good, yeah
If we try to be good, if we try
I know that we can be good

Coz we are alone and we are together
(La da da da da)
Weak inside, our own heads

We can be like this for hours
And we can be good, yeah
If we want to be good, if we try
I know that we can be good
Yeah we can be good
Yeah we can be good
