VERSE 1:

I can feel the alcoholic breath
I say papa go away, I'm on fire.
My hands are shaking
I'm so alone, But still I'm strong
Cause I have a fire

CHORUS:

Deep Inside me there's a wound
When I'm with you
I could never get lost

VERSE 2:

If I believe In you
Would you believe In me?
If I where the Fire
With Old familiar words
I can't find the words to say
Cause I have a fire

CHORUS:

Deep Inside me There's a wound
When I'm with you
I could never get lost

BRIDGE:

When I am the Fire
