VERSE 1:

I am so lonely without you
Felt so awful when I lied to you
How could I ever make this right?
I'm Dancing high & Low with Imaginary you

CHORUS:

I hope to see you coming Down
I want to feel you In my Dance
I can't afford to lose you now
This Is my Prayer for you
I Hope you hear Me Out

VERSE 2:

I'm so cold
I'm here outside your house
Right here I will cry out
I want you to love like you've
Never been hurt
To dance like no one watches us

CHORUS:

I hope to see you coming Down
I want to feel you In my Dance
I can't afford to lose you now
This Is my Prayer for you
I Hope you hear Me Out.
